

COST EFFECTIVE

Antimicrobial Curtains have become the preferred option over traditional linen curtains in Australia because the cost to purchase, replace, launder, maintain and change out isn't as cost effective as disposable medical curtains.

EASYSKAN INFECTION CONTROL PROTOCOL & VALIDATION

- ✓ Accreditation
- ✓ Patient Safety
- ✓ Stock Control
- ✓ QR codes for easier validation
- ✓ Accuracy
- ✓ Automated email prompting for restocking and changeouts
- ✓ Compliance to infection control standards
- ✓ Real time reporting through our client portal
- ✓ Technical support available

VALUE ADDED SERVICES

Preventative Maintenance Servicing and routine change outs are creating a circular economy. We have created EasyScan Infection Control protocol and validation to support whole hospital contracts. We can organise technicians to be available all over the country to support this service.

WE OFFER:

- ✓ **FREE** fitting service to all new customers *conditions apply*
- ✓ Preventative Maintenance Contracts where Medical Curtains will install and maintain your medical curtains twice a year.
- ✓ **FULLY** Managed Service Contracts. We will work with you to generate a schedule for the frequency of Medical Curtain changes.
- ✓ **CUSTOMISED** personalised designs available
- ✓ **BESPOKE** medical curtains can be made to the length or drop required
- ✓ **RECYCLING SERVICE** we can help with the collection for the purpose of CurtainMelt

MEDICAL CURTAINS IS AN AUSTRALIAN OWNED AND OPERATED COMPANY

We are a family business setting new standards in the Medical Curtain Industry by supporting a circular economy.

ZERO LANDFILL - 100% RECYCLABLE

Medical Curtains have partnered with 180 Waste to make ZERO Landfill possible. Curtains are made from polypropylene which means they can now be fully recycled with the CurtainMelt machine. The CurtainMelt reduces the volume of disposable curtains by up to 85%, using patented thermal technology to melt the curtains into solid 20kg blocks ready for the circular economy.

BUILT IN ANTIMICROBIAL TECHNOLOGY

Medical Curtains only source, supply and fit curtains that have been independently tested to kill 99.99% intern increasing patient safety and protection against Hospital Acquired Infections (HAI's).

FIRE RETARDANT

Medical Curtains only source, supply and install curtains that are compliant with BS5867-2-2008 Type C.
